Dr. John D. Woods has been re elected Public Printer.

Senator Wallace has been placed on several important committees.

It is reported that Pat Morarity will succeed Capt, Rucker as Mail Ageut on the Chattaroi.

We hope our Representative and Senator will vote for any or all of the Whipping post bills.

Mrs. Virginia Hanson has been re-elected State Librarian. The late cold spell was bad on Daisies.

Dr. John D. Woods, alias the Courier Journal Job Printing establishment, have been re-elected Public Printer.

Senator Wallace has introduced a bill suthorizing the Lawrence County Court of Levy and Claims to refund the Court House debt.

A contemporary in Boyd county, in its notice of members and Senators, accidentally or otherwise, omitted to mention the name of its own Senator.

Col. Wright and Mr. Balmforth, two prominent citizens of Louisville, were burned to death in a destructive fire which occurred in that city last Friday.

The Legislature is doing nothing this week because of the cold and

the poor way of warming the Capitel. Another reason for a removal and a short session.

In the Cave of the Winds at Washington, commonly known as Congress, the attention of members is equally divided between expressing dissatisfaction of not geting chairmanships of committees and wondering if Senator Beck will wear his silver eagle as a watch charm. For Denver, you know, voted the Scotch-Kentuckian a solid silver eagle, life size, in recognition of his services on the coinage question.

Referring to an announcement in We are authorized to announce HON, this week's News it will be seen that GARRETT'S, WALL, of Meson coun- Judge S. S. Savage, of Boyd county. is a candidate for Congress, subject to the action of the Demogratic Convention. Judge Savage came to Louisa two weeks ago and said to his countymen in a short speech Congressional District, subject to the that he was a candidate for this honorable trust, and it gives us pleasure today to indorse his candidacy. His democracy is 400 well known to the people of this District to require commendation at our hands, and all we might say in this regard is superfluous. So far as Mr. Savage's other qualifications for the position are concerned we have to say that he is a lawyer of fair ability, a good speaker, and a politician well versed and read in the politicis and history of his country. He is a thorough business man, of good executive qualities, and bounded as follows: Beginning at a large and politicism of the following fract of land as may be necessary to pay the sum \$101.84 the amount ordered to be made, to-wit A tract of land as instead of Spring creek of Catt's fork, and containing for acres inside the Graham patent of 138,330. man, of good executive qualities, and there can be no doubt of his industry. For by it, in combination with his other commendable qualities, he has made reputation and money. Judge Savage did good work for the Democracy during the Presidential campaign, and for this and other labors in bebalf of his party he deserves reward.
